Game world

00:34

Finish

Game world depicts a scientist's lab, levels will change between chemistry lab, biology lab and physics lab background/environment. (Mini Objective of level: break jar of evil chemical)

Bar at the top shows time to complete a level and the heart in the top corner represents how many lives are remaining

Player movement - move right

00:45

Finish

Pressing right arrow key moves Flubber to the right

+

# Player movement - double jump

00:48

Finish

Jumping on to a wall causes Flubber to slowly slide down the wall - you are able to jump again off the wall (i.e. to 'wall jump')

+

Player movement - double jump

00:52

Finish

00:55

Finish

Hit jar with space bar and arrow key (enough momentum will push over the jar)

+

Player movement - move left

00:59

Finish

Jar knocked over! Mission accomplished. Now Flubber needs to reach end of level.  
Jump over knocked over jar

+

Player movement - double jump

01:01

Finish

+

# Player movement - double jump

01:05

Finish

Pressing space bar key causes Flubber to jump up, pressing jump again while in the air causes Flubber to jump again (i.e. a 'double jump')

# Player movement - double jump

01:09

Finish

Pressing space bar key causes Flubber to jump up, pressing jump again while in the air causes Flubber to jump again (i.e. a 'double jump')

# Player movement - double jump

01: 10

Finish

Pressing space bar key causes Flubber to jump up, pressing jump again while in the air causes Flubber to jump again (i.e. a 'double jump')

01:12

Finish

Landing at "Finish" takes Flubber to the next level where it will get introduced to a new environment (e.g. Biology lab) and also new skills and abilities

Player movement - double jump

01:16

Finish

Level Complete!

Enemy scientist patrols back and forth around a certain area

Enemy - patrol movement

Enemy - vacuum weapon

Enemy scientist uses vacuum weapon to suck up Flubber's health

Enemy - vacuum weapon

Flubber is dead :(
